Das Portrait

The Portrait

Die M&S Gruseck GmbH ist Hersteller von Werkzeugen und Verschleißteilen für die Bereiche Recycling, Spezialtiefbau, Straßenbau, Forstmulcher und Agrartechnik. Neben diesen Komponenten fertigt das Unternehmen weitere Produkte für diverse Märkte und Anwendungen. Hierzu zählen unter anderem Siebtrommeln sowie stationäre Siebanlagen, Rohrleitungsbau, Tank- und Behälterbau, sowie Maschinen- und Anlagenbau im Allgemeinen.

Das Unternehmen verfügt derzeit über zwei Fertigungsstandorte, in denen sowohl die Werkzeugfertigung, der Maschinenbau sowie die Anarbeitung und Qualitätskontrolle lokalisiert sind. Die M&S Gruseck GmbH erfüllt die Qualitätsansprüche „Made in Germany“. In Kooperation mit ihren langjährigen Partnern werden die Produkte, das Know-How sowie die Fertigungstiefe stetig weiterentwickelt. Seit Firmengründung im Jahr 2003 und dem sukzessiven Aufbau des Unternehmens ist dieses nun mittlerweile in den oben genannten Märkten etabliert und vertreibt seine Produkte und Dienstleistungen weltweit.

M&S Gruseck GmbH is a manufacturer of tools and wear parts for the sectors recycling, foundation drilling, road milling, forestry mulchers and agriculture.

In addition to these components, the company also fabricates products for various other markets and applications. This includes screen drums, as well as stationary screening plants, pipeline construction, tank and container construction and general engineering. The company currently has two production sites, where tool production, engineering, as well as processing and quality control are located.

M&S Gruseck GmbH meets the quality requirements "Made in Germany".

In cooperation with its long-term partners, the products, the know-how and the vertical range of manufacture have continuously improved. Since the company's foundation in 2003, it has established itself in the fields mentioned above and is now selling its products and services all over the world.

Eigenfertigung In-House Production

Die M&S Gruseck GmbH ist mit Ihren Produkten für den Bereich Spezialtiefbau, Ihr kompetenter Partner für jegliche Bohraufgaben. Hohe Qualität, ein breites Portfolio an Standardwerkzeugen sowie eine große Flexibilität für Sonderlösungen - **MADE IN GERMANY**.

Gute Beratung- selbstverständlich auch vor Ort, individuell angepasst auf Ihre Baustelle, eine faire Preisstrategie und Werkzeuge für lange Standzeiten sorgen für einen hohen, wirtschaftlichen Vorteil für Sie als Kunde. Die Produktpalette umfasst unter anderem Wechselstollen, Anschweißstollen- und Zähne, Flachzähne, Schlitzwandzähne, Rundschachtmeißel, entsprechende Halter, Bohrrohrverschraubungen, und Verschleißschutzleisten.

Dieser Katalog gewährt Ihnen einen Einblick in unsere Produkte - hergestellt in Kippenheim, Deutschland. Unser Portfolio wird stetig weiterentwickelt, daher freuen wir uns auf Ihre Anfrage, auch wenn die gesuchte Lösung noch nicht in unserem Katalog zu finden ist.

M&S Gruseck GmbH is your competent partner for all drilling jobs.

High quality, a broad portfolio of standard tools and great flexibility for special solutions - **MADE IN GERMANY**.

Good advice - of course also on site, individually adapted to your job, a fair price strategy and tools for long service life and less downtime, will ensure a high, economic advantage for you as a customer. The product range includes Quick Change Bars, Weld on Bars- & Teeth, Flateeth, Wall Cutter Tools, Conicals, corresponding Holders, Casing Screws and Wear Protection Strips.

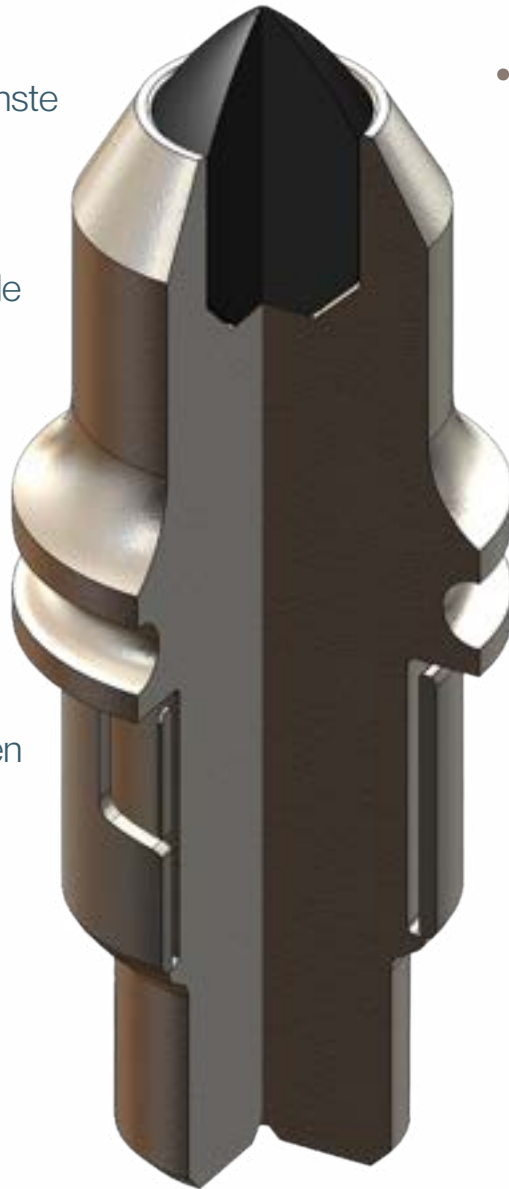

This catalog gives you an insight into our products - all manufactured in Kippenheim, Germany.

Our portfolio is constantly evolving, so we look forward to your inquiry, even if the solution you are looking for is not yet in our catalog.

Höchste Produktivität

Highest productivity

- Hartmetallsorten für höchste Herausforderungen
- 360° Lötung für maximale Lotverbindung
- Hohe Kopfhärte gegen Abrasion
- Breiter Bund für optimalen Halterschutz
- Hochwertige Komponenten für lange Standzeiten

- Carbide grades for most challenging applications
- 360° brazing for maximum braze coverage
- High Head-hardness protects against abrasion
- Wide collar for optimal holder protection
- Durable components for long service life and less downtime
